

**By the Judgement of 22 June 2023 No.34-II, the Constitutional Court assessed constitutionality of Article 183 of the Arbitral Procedure Code of the Russian Federation and Article 242<sup>1</sup> (items 1 and 2), Article 242<sup>2</sup> (item 1) of the Budget Code of the Russian Federation**

These legal provisions, in their interrelation, were the subject of consideration to the extent that they are basis for resolving the issue of the day from which the period for the indexation of monetary amounts awarded by the court should be calculated regarding collecting funds from the budgets of the budgetary system of the Russian Federation.

The contested legal provisions were recognized as inconsistent with the Constitution to the extent that the uncertainty of their content creates an ambiguous solution of this issue.

Until appropriate legislative changes are made, the calculation of the period for the indexation of monetary amounts awarded by the court in such cases must be carried out starting from the date of receipt of the executive documents referred to in article 242<sup>1</sup> of the Budget Code of the Russian Federation.
