

**By the Judgement of 25 February 2025 No.9-II, the Constitutional Court assessed constitutionality of Article 242<sup>1</sup> (paragraph 1 of item 2) of the Budget Code of the Russian Federation and Article 252 (item 10 of part 2) of the Code of Administrative Judicial Procedure of the Russian Federation**

These legal provisions have been considered insofar as they serve as a basis for the acceptance for consideration of an administrative claim, by a person serving a prison sentence, for compensation for the violation of the right to a trial within a reasonable time or the right to the execution of a judicial act within a reasonable time, if in such a claim he indicates the details of his account in penal institutions.

The contested legal provisions were recognised as not inconsistent with the Constitution of the Russian Federation, since in their constitutional and legal meaning they allow such an indication in the noted administrative claim.

The Constitutional Court separately noted that, although the provision of Article 353 (part 3<sup>1</sup>) of the Code of Administrative Judicial Procedure had not been directly challenged by the applicant, it corresponded to the legal provisions in question and should therefore be interpreted and applied on the basis of the legal positions expressed in this Judgement.
